5.4 CLAIMS BASED ON THE OFFICER-IN-CHARGE'S ACTIONS OR OMISSIONS.

(a) If any action or omission on the part of an Officer-in-Charge or designee of such officer, requiring performance changes within the scope of the Contract constitutes the basis for a claim by the Contractor for additional compensation, damages, or an extension of time for completion, the Contractor shall continue with performance of the Contract in compliance with the directions or orders of such officials, but by so doing, the Contractor shall not be deemed to have prejudiced any claim for additional compensation, damages, or an extension of time for completion; provided:

Pending final decision of any dispute or question, the Contractor shall proceed diligently with the performance of services under the Contract in accordance with the decision of the Officer-in-Charge and/or Chief Procurement Officer.

6.6 LIQUIDATED DAMAGES. Liquidated damages shall not apply to this Agreement.

6.7 SUBCONTRACTING. The Contractor shall not subcontract all or any part of the services under the Contract without the prior written consent of the Officer-in-Charge. Any consent by the Officer-in-Charge to subcontract or otherwise dispose of any portion of the Contract shall not be construed to relieve the Contractor of any responsibility for the performance of the Contract.

6.8 SAFETY AND SECURITY CERTIFICATION.

(a) The purpose of HART's overall safety and security certification process is to ensure that:

1. The design, construction, fabrication, installation, testing, and commissioning of all safety- and security-certifiable elements (civil, structural, and systems) have been evaluated for conformance with the safety and security design criteria and specifications requirements and to verify their readiness for operational use; and
2. The rail system is operationally safe and secure for customers, employees, emergency responders and the general public.

(b) The objective is to achieve an acceptable level of risk through a systematic approach to safety hazard and security vulnerability management, design criteria adherence, specification and construction compliance, and testing and commissioning verification.

(c) The Contractor shall support HART in implementing HART's safety and security certification process. The Contractor's activities include, but are not limited to, the following:

1. Participate in safety and security committees and working groups established by HART to perform safety and security certification activities as requested;
2. Provide oversight of the Design-Bid-Build or Design-Build Contractor's Safety and Security verification process to review its conformance in accordance with the Construction Contract Documents; and
3. As required, submit supporting documents using HART's document management system for safety and security certification related activities.

6.9 FIELD SAFETY AND SECURITY

(a) The Contractor is responsible for initiating and maintaining a safety and health program on the oversight activities performed by the Contractor that complies with applicable local, state and federal occupational safety and health regulations, including but not limited to the Hawai'i Administrative Rules, Title 12, Department of Labor and Industrial Relations Subtitle 8, Division of Occupational Safety and Health Part 3, Construction Standards.

(b) The Contractor shall be familiar with the Honolulu Rail Transit Project Construction Safety and Security Plan (CSSP) current revision and comply with applicable sections, such as, but not limited to, visitor control, public access, first aid/emergency response, safe work practices, personal protective equipment and safety and security reporting requirements. All personnel who will be accessing field locations must attend the HART Safety and Environmental Orientation.

(c) The Contractor shall designate at least one person as the Safety and Security Representative (this may be a collateral duty position and/or prime sub-consultant designee). The Safety and Security Representative shall have completed the OSHA 10 Hour Construction Safety Outreach Program or equivalent.

(d) The Contractor shall ensure employees and subcontractors comply with applicable regulations and the Safety and Security Site Plan (SSSP) submitted by the Contractor for this Project.

(e) The Contractor shall submit a Safety and Security Plan (SSP), which shall address the work of the Contractor. This SSP must interface with the Contractor's overall safety and health program and be submitted to the HART Safety and Security Manager for review and acceptance within thirty (30) days of NTP. The SSP shall include, but not be limited to, the following elements:

1. Title, signature and phone number of the Plan Preparer (this person must be a qualified person), Company Officer and Safety and Security Representative (SSR);
2. Background information: Provide Contractor name, Contract name and number, description of work to be performed (with attention to field related work);

4. Safety Policy Statement detailing the Contractor's commitment to providing a safe and healthy workplace for all employees;
5. Training. Provide a statement requiring completion of the HART Safety and Environmental Orientation for all personnel prior to accessing field work locations;
6. List procedures for complying with applicable portions of the CSSP;
7. Emergency Notifications. Develop an emergency notification plan in conjunction with HART; and
8. Personal Protective Equipment (PPE). At a minimum, all personnel, including visitors, on work site locations associated with the Project shall wear the following PPE:
 - (A) Head protection complying with ANSI Z89.1-2009 and ANSI Z89.2-2009 shall be worn at all times when on the work site;
 - (B) High visibility, retro-reflective clothing (class 2 or 3) complying with ANSI/ISEA 107, 23 CFR Part 634, MUTCD 6E-3, and 29 CFR 1926.201(a) shall be worn at all times within the traffic work zone;
 - (C) Eye protection complying with ANSI Z87.1- 2003 shall be worn at all times when on the work site;
 - (D) Foot protection complying with ASTM F2413-05 or ANZI 241-1999 shall be worn at all times when on the work site. Work boots are the preferred type of protective footwear. No tennis-type shoes are permitted; and
 - (E) Hearing protection with a Noise Reduction Rating (NRR) appropriate for the exposure shall be worn by personnel exposed to noise levels in excess of the 29 CFR 1926.101 Table D-2 Permissible Exposure Limit (PEL). When in the field, personnel must have hearing protection readily available for use.

(f) The Contractor shall enforce the compliance of applicable regulations and the (SSP) amongst its employees and subcontractors.

(g) Notwithstanding the forgoing provisions of this Article 6.9, however, it is understood and agreed that the Contractor is responsible only for construction safety and security in relation to the Contractor's staff and property.

6.10 KEY PERSONNEL

(a) The key personnel are considered essential to the work being performed under this Agreement. The key personnel may not be changed without the consent of the Officer-in-Charge.

(b) Prior to removing, replacing, or diverting any of the specified key personnel, the Contractor shall seek HART's approval by notifying the Project Manager in writing. The Contractor shall submit information to support the proposed action to enable the Officer-in-Charge to evaluate the potential impact of the change on the Agreement. The Contractor shall not remove or replace key personnel under this Agreement until the Officer-in-Charge approves the change. The Officer-in-Charge shall not unreasonably withhold his/her consent to remove any key personnel, but subject to Section 6.10(d) below.

(c) The key personnel under this Agreement are those indicated in the Request For Qualifications.

(d) Should the Contractor's Key Personnel be replaced for any reason prior to the completion of the Agreement, upon department HART shall receive a credit to be applied against the Contractor's subsequent invoice(s) in the amount of \$100,000. The Contractor may request, in writing, that the Officer-in-Charge waive all or part of a reduction if extenuating circumstances exist. The Officer-in-Charge shall have unilateral discretion to waive all or part of a reduction.

SECTION 7 – RESERVED

SECTION 8 – COMPENSATION

8.1 COMPENSATION AND INVOICING

(a) The compensation of the Contractor shall be up to the amount stated in the Agreement and shall be made in accordance with the rates and pricing set forth in the Contract.

(b) HART reserves the right to direct removal from the Project of any Contractor or subcontractor employee for any reason and at any time.

(c) Reimbursement of Contractor Work should be invoiced to HART on a monthly basis and shall be accompanied by a schedule with the details identified in Exhibit 2B. The Contractor shall certify that the schedule includes only employees authorized by HART to charge the Project at the authorized rate(s) and that the information ties to the Contractor's general ledger. The invoice shall also be accompanied by a report of the work accomplished during the previous month and a list of major Work in progress.

8.2 ACCEPTANCE AND FINAL PAYMENT. The Officer-in-Charge shall approve and accept completion of the Contract upon the satisfactory fulfillment of the terms of the Contract and receipt of a certificate from the State Director of Taxation and the Internal Revenue Service, as provided in section 103-53, HRS, relating to prerequisite for final settlement of contracts, provided that final payment will be made upon approval of the Chief Procurement Officer. The tax clearances required at final settlement of a contract shall be on an original certificate or certified copy and valid for a period of 6 months from the later date stamped on the form, provided that the Contractor does not delay in obtaining clearance from both agencies.

8.3.1 Acceptance by the Contractor of the final payment shall constitute payment in full for all services performed under the Contract.

8.4 AUTHORITY TO WITHHOLD MONEY DUE OR PAYABLE. The Officer-in-Charge may withhold such amounts from the money due or to become payable under the Contract to the Contractor, or any assignee under section 5.3, Novation or change of name, as may be necessary to protect HART against liability or to satisfy the obligations of the Contractor to HART, State Department of Taxation, Internal Revenue Service, and to employees, subcontractors and material suppliers who have performed labor or furnished material and equipment under the Contract and may make such payments from such amounts as may be necessary to discharge such obligations and protect HART.

8.5 RETAINAGE. Retainage shall not apply to this Agreement.

8.6 PROMPT PAYMENT TO SUBCONTRACTORS.

- (a) Generally. Any money paid to a Contractor shall be disbursed to subcontractors within ten (10) days after receipt of the money in accordance with the terms of the subcontract; provided that the subcontractor has met all the terms and conditions of the subcontract and there are no bona fide disputes on which the procurement agency has withheld payment.
- (b) Final Payment. Upon final payment to the Contractor, full payment to the subcontractor, including retainage, shall be made within ten (10) days after receipt of the money; provided that there are no bona fide disputes over the subcontractor's performance under the subcontract. The final payment request shall be properly documented as required under HAR § 3-125-23(4).
- (c) Penalties. The Contractor may be subject to a penalty of one and one-half percent (1-1/2%) per month on the outstanding amounts due that were not timely paid to the subcontractor under the following conditions. Where a subcontractor has provided evidence to the Contractor of satisfactorily completing all work under their subcontract and has provided a properly documented final payment request as described in paragraph (d), and:
 - 1. Has provided to the Contractor an acceptable performance and payment bond for the project executed by a surety company authorized to do business in the state; or
 - 2. The following has occurred:
 - (A) A period of ninety (90) days after the day on which the last of the labor was done or performed and the last of the material was furnished or supplied has elapsed without written notice of a claim given to Contractor and the surety, and
 - (B) The subcontractor has provided to the Contractor, an acceptable release of retainage bond, executed by a surety company authorized to do business in the state, in an amount of not more than two times the amount being retained or withheld by the Contractor; any other bond acceptable to the Contractor; or any other form of

mutually acceptable collateral,

then, all sums retained or withheld from a subcontractor and otherwise due to the subcontractor for satisfactory performance under the subcontract shall be paid by HART to the Contractor and subsequently, upon receipt from HART, by the Contractor to the subcontractor within the applicable time periods specified in paragraph (b). The penalty may be withheld from future payment due to the Contractor, if the Contractor was the responsible party. If a Contractor has violated paragraph (b) three or more times within two years of the first violation, the Contractor shall be referred by HART to the Contractor's license board for action.

- (d) Properly documented final payment request from a subcontractor, as required by paragraph (c), shall include:
1. Substantiation of the amounts requested;
 2. A certification by the subcontractor to the best of the subcontractor's knowledge and belief, that:
 - (A) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the subcontract;
 - (B) The subcontractor has made payments due to its subcontractors and suppliers from previous payments received under the subcontract and will make timely payments from the proceeds of the payment covered by the certification, in accordance with their subcontract agreements and the requirements of this section; and
 - (C) The payment request does not include any amounts that the subcontractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of their subcontract; and
 3. The submission of documentation confirming that all other terms and conditions required under the subcontract agreement have been fully satisfied. HART shall return any final payment request that is defective to the Contractor within seven (7) days after receipt, with a statement identifying the defect.
- (e) This section shall not be construed to impair the right of a Contractor or a subcontractor at any tier to negotiate and to include in their respective subcontracts provisions that provide for additional terms and conditions that are requested to be met before the subcontractor shall be entitled to receive final payment under paragraph (c); provided that any such payments withheld shall be withheld by HART.

8.7 PAYMENT FOR REIMBURSABLE EXPENSES. Payment requests for all reimbursable expenses and other direct costs (ODCs) shall be accompanied and supported by receipted invoices for all charges, except for items negotiated on a fixed price or lump sum basis. HART must approve of all reimbursable expenses in writing. Payment for reimbursable items shall be made for allowable costs in accordance with the Hawaii Administrative Rules, Title 3, Department of Accounting and General Services, Chapter 3-122, Subchapter 15, cost or pricing

data, and Chapter 3-123, cost principles. Reimbursable amounts stated in the Contract shall not be exceeded without a Contract amendment. Any balance remaining from the reimbursable expense funds at the completion of the Agreement shall revert to HART.

SECTION 9 - TERMINATION OF CONTRACTS

9.1 RIGHT OF HART TO TERMINATE. HART shall have the right to suspend performance of the services under the Contract or terminate the Contract in whole or in part at any time by written notice to the Contractor. If the termination is for reasons other than default of the Contractor as provided in subsection 9.2, the Contractor shall be compensated in accordance with subsection 9.3, Termination for convenience.

9.2 TERMINATION FOR DEFAULT. If the Contractor refuses or fails to perform any of the provisions of the Contract with such diligence as will ensure its completion within the time specified in the Contract, or any extension thereof, otherwise fails to timely satisfy the Contract provisions, or commits any other substantial breach of the Contract, the Officer-in-Charge may notify the Contractor in writing of the delay or nonperformance, and *if not cured in ten days* or any longer time specified in writing by the Officer-in-Charge, the Officer-in-Charge may, with the approval of the Chief Procurement Officer, terminate the Contractor's right to proceed with the Contract or a part of the Contract as to which there has been delay or other breach of contract. In the event of termination in whole or in part, the Chief Procurement Officer may procure similar goods or services in a manner and upon terms deemed appropriate by the Chief Procurement Officer. The Contractor shall continue performance of the Contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services.

Notwithstanding the above, in the event the Contract is terminated, in whole or in part, by HART as the result of a default by the Contractor, HART may secure, on any terms and in any manner that HART deems appropriate, supplies, materials, equipment and/or services similar to those required under the work terminated. The Contractor shall be liable to HART for any excess costs for such similar supplies, materials, equipment and/or services, and HART may withhold and apply any monies due or to become due to the Contractor under the Contract for the completion of the work and/or for the payment of an additional Contractor or contractors. This provision shall survive the termination of the Contract. In case an additional contract or contracts let after such termination for default are let in an amount or amounts in excess of the amount remaining available for the Contract in the hands of HART, free from all claims by laborers or material providers for work performed or materials furnished for the Contract prior to the termination for default or any deductions authorized by the terms hereunder or the contract in favor of HART, then the Contractor shall deposit, within ten (10) days from the receipt of each notice of any such reletting, to the credit of HART, solely for the prosecution and completion of the work, a sum of money equal to such excess; and in case HART desires to complete the work in any other manner than by contract, then the Contractor shall deposit within ten (10) days from the receipt of each notice of the final completion of the work, to the credit of HART, the amount of any excess cost occasioned by such completion over the amount available under the Contract in the hands of HART, free from all claims or deductions as aforesaid, all without prejudice to any

other or additional rights or remedies HART may have against the Contractor under the terms hereunder or the Contract or under any applicable law, statute, ordinance, rule, regulation or other standard or requirement.

9.2.1 Contractor's duties. Notwithstanding termination of the Contract and subject to any directions from the Chief Procurement Officer or the Officer-in-Charge, the Contractor shall take timely and necessary action to protect and preserve property in the possession of the Contractor in which HART has an interest.

9.2.2 Compensation. Payment for completed goods delivered and accepted by HART shall be at the Contract price. Payment for the protection and preservation of property shall be in an amount agreed upon by the Contractor and the Officer-in-Charge; if the parties fail to agree, the Director, upon recommendation of the Officer-in-Charge, shall set an amount subject to the Contractor's rights under chapter 3-126, HAR. HART may withhold from amounts due the Contractor as the Chief Procurement Officer deems to be necessary to protect HART against loss because of outstanding liens or claims of former lien holders and to reimburse HART for the excess costs incurred in procuring similar goods and services.

9.2.3 Excuse for nonperformance or delayed performance. Except with respect to defaults of subcontractors, the Contractor shall not be in default by reason of any failure in performance of the Contract in accordance with its terms, if the Contractor has notified the Officer-in-Charge *within fifteen days* after the cause of the delay and the failure arises out of causes including but not limited to: acts of God; acts of the public enemy; acts of HART and any other governmental body in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather. If the failure to perform is caused by the failure of a subcontractor to perform or to make progress, and if the failure arises out of causes similar to those set forth above, the Contractor shall not be deemed to be in default, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the Contract requirements. Upon request of the Contractor, the Officer-in-Charge shall ascertain the facts and extent of the failure, and, if the Officer-in-Charge determines that any failure to perform was occasioned by any one or more of the excusable causes, and that, but for the excusable cause, the Contractor's progress and performance would have met the terms of the Contract, the completion date or delivery schedule shall be revised accordingly, subject to the rights of HART under subsection 9.3, Termination for convenience. As used in this paragraph, the term "subcontractor" means subcontractor or subconsultant at any tier.

9.2.4 Additional rights and remedies. The rights and remedies provided in this clause are in addition to any other rights and remedies provided by law. [3-125-17, HAR]

9.3 TERMINATION FOR CONVENIENCE. The Chief Procurement Officer may, upon recommendation of the Officer-in-Charge, when the interests of HART so require, terminate the Contract in whole or in part, for the convenience of HART. The Chief Procurement Officer shall give written notice of the termination to the Contractor specifying the part of the Contract terminated and when termination becomes effective.

9.3.1 Contractor's obligations. The Contractor shall incur no further obligations in connection with the terminated work and on the dates set in the notice of termination the Contractor will stop work to the extent specified. The Contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The Contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work subject to HART's approval. The Contractor may be directed to assign the Contractor's right, title, and interest under terminated orders or subcontracts to HART. The Contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

9.3.2 Right to goods.

- (a) The Contractor may be required to transfer title and deliver to HART in the manner and to the extent directed by the Officer-in-Charge or the Chief Procurement Officer: any completed goods; and the partially completed goods and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights, hereinafter called "manufacturing material," as the Contractor has specifically produced or specially acquired for the performance of the terminated part of the Contract.
- (b) The Contractor shall, upon direction of the Officer-in-Charge, protect and preserve property in the possession of the Contractor in which HART has an interest. If the Officer-in-Charge does not exercise this right, the Contractor shall use the Contractor's best efforts to sell such goods and manufacturing materials. Use of this section in no way implies that HART has breached the Contract by exercise of the termination for convenience clause.

9.3.3 Compensation

- (a) The Contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data to the extent required by subchapter 15, chapter 3-122, HAR, bearing on such claim. If the Contractor fails to file a termination claim *within one year* from the effective date of termination, payment may be made to the Contractor, if at all, in accordance with paragraph (3) below.
- (b) A settlement may be agreed to by both parties provided the Contractor has filed a termination claim supported by cost or pricing data to the extent required by subchapter 15, chapter 3-122, HAR, and that the settlement does not exceed the total Contract price plus settlement costs reduced by payments previously made by HART, the proceeds of any sales of goods and manufacturing materials under paragraph 9.3.2, Right to goods, and the Contract price of the work not terminated.
- (c) Absent complete agreement under paragraph (2), the Contractor shall be paid the following amounts, provided payments agreed to under paragraph (2) shall not duplicate payments under this paragraph for the following:
 - 1. Contract prices for goods or services accepted under the Contract;

2. Costs incurred in preparing to perform and performing the terminated portion of the work plus a five percent markup on actual direct costs on such portion of the work, the markup shall not include anticipatory profit or consequential damages, less amounts paid or to be paid for accepted goods or services; provided that if it appears that the Contractor would have sustained a loss if the entire Contract would have been completed, no markup shall be allowed or included and the amount of compensation shall be reduced to reflect the anticipated rate of loss;
 3. Subject to the prior approval of the Chief Procurement Officer the costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to paragraph 9.3.1, Contractor's obligations. Subcontractors shall be entitled to a markup of no more than ten percent on direct costs incurred to the date of termination. These costs must not include costs paid in accordance with subparagraph (3)(B).
 4. The total sum to be paid the Contractor under this paragraph shall not exceed the total Contract price reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under subsection 9.3.2, Right to goods, and the Contract price of work not terminated.
- (d) Cost claimed, agreed to, or established under paragraphs (2) and (3) shall be in accordance with Chapter 3-123, HAR. [3-125-21, HAR]

SECTION 10 - DISPUTES ON CONTRACT AND BREACH OF CONTRACT CONTROVERSIES.

10.1 FINAL DECISION.

- (a) When a controversy cannot be resolved by mutual agreement between the Officer-in-Charge and the Contractor, the Chief Procurement Officer shall, upon recommendation by the Officer-in-Charge, after written request by the Contractor for a final decision, issue a written decision.
- (b) Any such decision shall be final and conclusive, unless fraudulent, or unless the Contractor brings an action seeking judicial review of the decision in a circuit court of this State *within the six months* from the date of receipt of the decision.

10.1.1 The Chief Procurement Officer shall issue a written decision within the following time limitations:

- (1) For claims not exceeding fifty thousand dollars: *ninety calendar days* after receipt of the claim.
- (2) For claims exceeding fifty thousand dollars: *ninety calendar days* after receipt of the claim; provided that if a decision is not issued within ninety calendar days, the Chief Procurement Officer shall notify the Contractor of the time within which a decision will be made.

If the Chief Procurement Officer fails to issue a decision on a claim not exceeding fifty thousand dollars within ninety calendar days after receipt, or does not issue a decision within the time promised for a claim in excess of fifty thousand dollars, the Contractor may proceed as if an adverse decision had been received.

10.2 PAYMENT. The amount determined payable pursuant to the decision, less any portion already paid, normally should be paid without awaiting Contractor action concerning appeal. Such payments shall be without prejudice to the rights of either party and where such payments are required to be returned by a subsequent decision, interest on such payments shall be paid at the statutory rate from the date of payment.

10.3 CLAIMS AGAINST THE CONTRACTOR. All controversies involving claims asserted by HART against a Contractor which cannot be resolved by mutual agreement shall be the subject of a decision by the Chief Procurement Officer, upon recommendation by the Officer-in-Charge. [3-126-29, HAR]

10.4 CONTINUED PERFORMANCE OF THE CONTRACT. The Contractor shall comply with any decision of the Chief Procurement Officer and proceed diligently with performance of the Contract pending final resolution by a circuit court of this State of any controversy arising under, or by virtue of, the Contract, except where there has been a material breach of contract by HART; provided that in any event the Contractor shall proceed diligently with the performance of the Contract where the Chief Procurement Officer has made a written determination that continuation of work under the Contract is essential to the public health and safety. [3-126-28, 3-126-29, 3-126-31, HAR]

10.5 REMEDIES. Any dispute arising under or out of the Contract is subject to chapter 3-126, HAR. The procedures and remedies provided for shall be the exclusive means available for persons aggrieved in connection with the solicitation or award of a contract, a suspension or debarment proceeding, or in connection with a contract controversy, to resolve their claims or differences. The contested case proceedings set out in chapter 91, HRS, shall not apply to protested solicitations and awards, debarments or suspensions, or the resolution of contract controversies. [HRS 103D-704]

SECTION 11 - COST OR PRICING DATA

11.1 COST OR PRICING DATA. Pursuant to chapter 3-122, subchapter 15, HAR, cost or pricing data may be required as determined by the Officer-in-Charge or by chapter 3-122, subchapter 15, HAR, along with the certification of current cost or pricing data, substantially in the form attached hereto as Exhibit "A".

11.1.1 Cost and pricing data means all facts as of the date of price agreement that prudent buyers and sellers would reasonably expect to affect price negotiations significantly. Cost or pricing data are factual, not judgmental, and are therefore verifiable. While they do not indicate the accuracy of a prospective Contractor's judgment about future costs or projections, they do include the data forming the basis for that judgment. Cost or pricing data are more than historical

accounting data; they are all facts that can reasonably be expected to contribute to the soundness of estimates of future costs and to the validity of determinations of costs already incurred. They also include such factors as:

- (1) Vendor quotations;
- (2) Nonrecurring costs;
- (3) Information on changes in production methods and in production or purchasing volume;
- (4) Data supporting projections of business prospects and objectives and related operations costs;
- (5) Unit cost trends such as those associated with labor efficiency;
- (6) Make or buy decisions;
- (7) Labor union contract negotiations; and
- (8) Information on management decisions that could have a significant bearing on costs.

11.1.2 When cost or pricing data are required, they shall be submitted to the Officer-in-Charge prior to beginning price negotiations at any reasonable time and in any reasonable manner prescribed by the Officer-in-Charge. Such data shall either be actually submitted or specifically identified in writing. The Contractor is required to keep such submission current until the negotiations are concluded.

The Contractor shall provide written certification as soon as practicable after agreement is reached on price that the cost or pricing data submitted are accurate, complete, and current as of the date of reaching agreement on price.

11.1.3 If a prospective contractor refuses to supply the required data, the Chief Procurement Officer, upon recommendation of the Officer-in-Charge, shall determine in writing whether to disqualify the noncomplying contractor, to defer award pending further investigation, or to enter into the contract. If, after award, a contractor refuses to supply the required data, the Officer-in-Charge shall determine in writing whether to further investigate the price adjustment, not to allow any price adjustment, or to set the amount of the price adjustment, subject to the contractor's rights under chapter 3-126, HAR. The certificate of cost or pricing data is not to be construed as a representation as to the accuracy of the Contractor's judgment on the estimated portion of future costs or projections. It does, however, constitute a representation as to the accuracy of the data upon which the Contractor's judgment is based. The exercise of an option at the price established in the initial negotiation in which certified cost or pricing data were used does not require recertification or further submission of data.

11.1.4 If certified cost or pricing data are subsequently found to have been inaccurate, incomplete, or not current as of the date stated in the certificate, HART is entitled to an adjustment of the Contract price, including profit or fee, to exclude any significant sum by which the price, including profit or fee, was increased because of the defective data. It is presumed that overstated cost or pricing data increased the Contract price in the amount of the defect plus related overhead and profit or fee. Therefore, unless there is a clear indication that the defective data were not used or relied upon, the price should be reduced in such amount.

In determining the amount of a downward adjustment, the Contractor shall be entitled to an offsetting adjustment of any understated cost or pricing data submitted in support of price negotiations for the same pricing action up to the amount of HART's claims for overstated cost or pricing data arising out of the same pricing action.

11.1.5 If the Contractor and the Officer-in-Charge cannot agree as to the existence of defective cost or pricing data or amount of adjustment due to defective cost or pricing data, the Officer-in-Charge shall set an amount in accordance with provisions of this section and the Contractor may appeal this decision as a contract controversy under chapter 3-126, HAR.

SECTION 12 - SEXUAL HARASSMENT POLICY

12.1 GENERAL. The Contractor must comply with Revised Ordinances of Honolulu (ROH) section 1-18, on sexual harassment. The Contractor shall have and enforce a policy prohibiting sexual harassment. The Contractor's sexual harassment policy must set forth the same or greater protection than those contained or required by the ordinance.

12.1.1 The ordinance is applicable to the employer's business and includes:

- (1) Prohibitions against an officer's or employee's sexual harassment of the following:
 - (A) Another officer or employee of the employer;
 - (B) An individual under consideration for employment with the employer; or
 - (C) An individual doing business with the employer;
- (2) A provision prohibiting a management or supervisory officer or employee from knowingly permitting a subordinate officer or employee to engage in the sexual harassment prohibited under paragraph (1) above;
- (3) A prohibition against retaliation towards an officer, employee, or individual who has complained of sexual harassment, conducted an investigation of a complaint, or acted as a witness during an investigation of a complaint;
- (4) A prohibition against a malicious false complaint of sexual harassment by an officer, employee, or individual;
- (5) Provisions allowing an officer, employee, or individual to make a sexual harassment complaint to an appropriate management, supervisory, or personnel officer or employee;
- (6) Procedures for investigating a sexual harassment complaint in an unbiased, fair, and discreet manner with appropriate safeguards to maintain confidentiality and protection from embarrassment;
- (7) A provision requiring the use of the "reasonable person of the same gender standard," to determine if sexual harassment has occurred. Under the standard, sexual harassment shall be deemed to have occurred if the alleged offender's conduct would be considered sexual harassment from the perspective of a reasonable person of the same gender as the alleged

victim. If the alleged victim is a woman, the "reasonable person of the same gender standard" shall be equivalent to and may be called the "reasonable woman standard;"

(8) Disciplinary actions which may be imposed on an officer or employee who committed a prohibited act; and

(9) For an employer with at least five employees, a provision requiring the annual viewing of a video on the sexual harassment policy by each management or supervisory officer or employee.

12.2 POLICY TERM. The policy required under this section shall be in effect for at least the duration of the Contractor's Contract with HART.

12.3 PLEDGE AND ACCEPTANCE. The action of the Contractor signing the Contract shall constitute the Contractor's pledge and acceptance of the provisions for the sexual harassment policy as required by section 1-18, HRS.
